- Districtwide Highlights & Celebrations

District 19 DCEP Goals:

Priority 1 – All students learn to read well By June 2023, the number of students reading at, or above grade level will increase in proficiency by 5% as measured by the NWEA ELA and MAP grades 3-8 and Acadience grades K-2 data.

Priority 2 – All students are physically and emotionally safe by June 2023, D19 will increase the Year-to-Date attendance Rate by 9 percentage points from 81% to 90% as evidenced by the NYCDOE datahub.

Priority 3 – All students have a high-quality academic experience (CSD)

By June 2023, District 19 will ensure high quality core instruction in mathematics resulting in a 5% increase in proficiency on the 2023 NYS Math Assessment.

Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security By June 2023, all students will have increased exposure to the various types of careers, colleges, and trades schools by 50%, as measured by Guidance Counselor/student survey data.

Priority 5 – Redesign the system to be more inclusive and responsive for parents and families By June 2023, D19 will increase community engagement attendance/response rate at district/school events and workshops from 5% to 20% (a 15% increase) as measured by data from Superintendents "Community Conversations", workshop attendance data and school/parent survey data.

"New York City Reads"

- Chancellor David C. Banks has launched "New York City Reads," a major citywide campaign to declare literacy and reading instruction as the core focus and overriding priority of New York City's public schools.
- The New York City Reads campaign focuses classroom instruction on proven, research-based curricula, supported by intensive coaching and professional learning for educators aligned with those specific curricula, in order to ensure all public-school students, in every neighborhood, regardless of their background or identity, is experiencing rigorous, relevant, engaging reading instruction that works.
- NYC Reads will cover all Early Childhood Education programs and elementary schools over the next two years, with a focus on a streamlined set of curricula that are rooted in the Science of Reading.
